

Family Night

Last Updated Thursday, 13 December 2012 16:44

Family Night is a time to visit your Scout at camp and celebrate all that he has accomplished during the week...

On the final night of Resident Camp, parents and families of Cub Scouts attending camp are welcome to come experience Cub World for our end of the week finale. Family night begins at 5:30pm. A camp-wide flag ceremony at 5:45pm will be followed by a special dinner at 6pm. Our closing campfire will be after supper and each Den/Pack will have an opportunity to perform a skit or song before the camp, followed by an Award Ceremony and a slide show highlighting the events from throughout the week. Following the campfire, our Resident Camp session will draw to an end and all Cubs and leaders will depart with their families.

Meal reservations for family members attending family night meals must be given to the leader at **time of registration**. We will accept walk-ins to pay at the door although the online process at time of registration is the preferred method due to the preparation of the food. Meal tickets will be distributed to Pack leaders at the flag ceremony prior to dinner based on the number of meal reservations.

Only those who have paid and completed a meal reservation form will be served dinner.

\$7 each.
