

For many Scouts, Summer Camp is their first experience shooting a BB gun or a rifle, or drawing back a bow and for many it can spark a life-long passion. We understand that finding other opportunities to fuel that passion and develop your skills can be difficult and expensive. For that reason, we offer many ways in which a Troop, Pack, Crew or individual Scout can come to camp year round and experience Shooting Sports.

If you have questions about the Dan Beard Council shooting sports please call the Scout Achievement Center at 513-577-7700 and they will get you in touch with the proper person.
