Tuesday, 15 June 2010 13:10 - Last Updated Monday, 18 August 2014 09:06

Come for the day, camp for the weekend, make a difference for life!

Only through continued service can we ensure that the beautiful and natural areas of the Dan Beard Scout Reservation and Camp Michaels are preserved for future youth. Camp Conservation Days are an great way for boys to earn service hours while working to conserve our camp properties. These days of organized projects include tree-planting, erosion control, honeysuckle removal, trail maintenance, and other conservation projects. Groups that participate learn about lake ecosystems and help create a healthy environment for the plants and animals that share our camps. This event promotes a sense of ownership in our camps for all those who participate.

Each group that participates will earn a Conservation Ribbon and Scouts can earn service hours for rank advancement, school requirements, award requirements, and more. For more specific information about requirements and awards that require service please download this [Service Hours Fact Sheet](#)

Tuesday, 15 June 2010 13:10 - Last Updated Monday, 18 August 2014 09:06

[Camp Friedlander](#) in Loveland, Ohio and [Camp Michaels](#) in Union, Kentucky.

What to Expect:

- Please bring work gloves, shovels, rakes, and other landscaping tools that may be helpful for conservation projects.
- A hot lunch will be provided.
- Groups will be formed into specific projects teams, but typically pack and troops will be kept together.
- If you would like to camp the weekend, please make a separate [camp reservation](#) .

Camp Conservation Day Projects Include:

- Planting of native trees at Camp Michaels, Cub World, Camp Friedlander
- Clearing Honeysuckle and other non-native invasive plants
- Clean debris from drain areas and water runoff ditches, Camp Michaels
- Plant grass seed
- Litter clean up along Ibold Road, Camp Friedlander

How to Register:

Go to the Council Calendar on the Main Page or [click here](#) to register your group online.
