The Dan Beard Council, BSA and the Cincinnati Microsoft Store have partnered together to provide local Scouts with the opportunity to earn advancements while having fun for FREE. As of the start of the year, Dan Beard Council launched a new initiative with the brand new Microsoft Store in Kenwood to offer free classes teaching Cub Scout Belt Loops (Computer, Photography, and Video Games) and Boy Scout Merit Badges (Computer, Photography, or Cinematography). Scouts will complete the requirements to earn their advancements in a unique way while exploring the latest in new technology!
