Need Help Planning Your Annual Program Calendar For 2012/2013?

I found 3 of the nicest PowerPoint presentations I have ever seen that literally walk a unit leader (or a Scout in the case of Troops and Crews) through all they need to know in order to plan out a quality year of unit programming. Take a minute to check it out at http://www.scouting.org/sitecore/content/Home/Membership/New_Units.aspx

Strive to have your annual calendar complete no later than May 31st for the next program year!
